About Takair

One point of contact, *every flight solution.*

Whether you travel solo or as a delegation, on a short hop or a long-haul, we select the aircraft and operator best suited to each mission.

Takair is an independent private aviation broker based at Le Bourget Airport. No call centres, no faceless booking platforms: one point of contact who knows your file and answers at any hour.

01 **Competitive pricing**
Industry-low pricing on the same aircraft.

02 **Consistent quality**
Newer aircraft, better onboard amenities, consistent service.

03 **1:1 account management**
Always a dedicated 1:1 sales and flight ops member assigned.

04 **24/7 flight operations**
Our team monitors your trip around the clock and steps in when something changes.

05 **A modern, tech-forward company**
Request flights, manage trips, receive updates and reach your team with ease.

Why Takair

Five reasons *to fly with us.*

01

Easy *booking*

Pick a category, enter your route and dates, and get an all-inclusive price range in seconds. Firm pricing follows with a tailored quote, but you already know where you stand.

02

24/7 *concierge*

A departure moved up, a last-minute passenger, a catering change at midnight: our team is reachable around the clock, every day of the year. A direct line to someone who already knows your file.

03

Empty leg *access*

Repositioning flights, same aircraft, same crew, same service, offered at 40 to 75% off. Takair surfaces this inventory live.

04

Account *overview*

Every saved flight, every booking, every message with your broker, in one place and always up to date.

05

Range *explorer*

Pick an aircraft and a departure airport, and see exactly how far it flies nonstop, with every city within reach. Ten seconds, on your own screen.

Try a *bespoke flight.*

Tell us about your next trip and we'll show you what private aviation concretely changes.

Request a quote →

Your journey

Five steps, *no friction.*

1

Your enquiry

Route, dates and passengers: by phone, email or form, at any hour.

2

Our proposal

Within hours, the best-suited aircraft and a firm price. Empty leg or bespoke flight: we compare for you.

3

The preparation

Slots, crew, catering, ground transfers and formalities: we orchestrate everything.

4

The day itself

Arrive minutes before departure at a private terminal. No queue, no waiting.

5

At destination

Your transfer awaits on the tarmac. Plans change? A simple request is enough.

On board

Comfort, *down to the detail.*

Each flight is composed around your preferences. Here is what we arrange for you, on request.

Private cabin

A quiet space suited to rest as much as to confidential work.

Bespoke catering

From the coffee of an early flight to a gourmet dinner.

Ground transfers

Chauffeur-driven car, coordinated with your flight times.

Airports nearby

Thousands of private airfields, often far closer to your destination.

Complete discretion

Confidentiality end to end, from passenger names to on-board conversations.

Reachable 24/7

A team available at any hour, able to arrange a departure within hours.

Empty legs

Fly for less. *Same aircraft.*

Every private jet has to be somewhere for its next booking, its maintenance slot or its return to base. With no paying passenger, that flight happens anyway, so the operator sells it at a reduced rate. Same aircraft, same crew, same service.

40–75%

typical saving versus booking the same aircraft, route and date as a dedicated charter.

From alert to wheels-up

01
An aircraft needs to reposition

It drops passengers and must reach another city or its base.

02
It is listed at a fixed price

Real route, date and aircraft; the discount is already applied.

03
You request it

Confirmation often within 2 hours during business hours.

04
You fly, on schedule

Boarding, service and safety identical to any Takair charter.

	Empty leg	Dedicated charter
Price	**40–75% below charter rate**	Full rate
Route	**Fixed, exactly as listed**	Any route you need
Date & time	**Fixed, little flexibility**	You choose
Aircraft	**Whatever's repositioning**	Matched to your mission
Return flight	**Not guaranteed on the same terms**	Booked as you need it
On-board service	**Identical**	Identical

✦ Flexible on dates? Prices shown include our commission, no hidden fees. Set alerts by departure city in your client account.

The fleet

Eight categories, *one for every journey.*

From the light twin-jet to the airliner reconfigured as a business cabin. Indicative hourly rates, excluding specific airport taxes; your firm, all-inclusive price comes with your quote.

Up to 4 pax
Entry Level Jet
€5,650/h

Up to 6 pax
Light Jet
€7,450/h

Up to 8 pax
Midsize Jet
€10,000/h

Up to 9 pax
Super Midsize Jet
€12,550/h

Up to 13 pax
Heavy Jet
€15,500/h

43 selected aircraft

Entry Level Jet
Cessna Citation Mustang · Embraer Phenom 100 · Cessna Citation M2 · Cessna Citation CJ1

Light Jet
Embraer Phenom 300 · Pilatus PC-24 · Cessna Citation CJ2 · Cessna Citation CJ3 · Cessna Citation CJ4

Midsize Jet
Cessna Citation XLS / XLS+ · Cessna Citation Latitude

Super Midsize Jet
Embraer Legacy 450 · Cessna Citation Sovereign · Embraer Praetor 600 · Gulfstream G300 · Bombardier Challenger 350 · Cessna Citation Longitude

Heavy Jet
Gulfstream G400 · Dassault Falcon 2000LXS · Dassault Falcon 900LX · Dassault Falcon 6X · Embraer Legacy 600 · Embraer Legacy 650

Ultra Long Range Jet
Gulfstream G650 · Gulfstream G500 · Gulfstream G600 · Gulfstream G700 · Gulfstream G800 · Dassault Falcon 7X · Dassault Falcon 8X · Dassault Falcon 10X · Gulfstream G550 · Bombardier Global 7500 · Bombardier Global Express · Bombardier Global Express XRS · Bombardier Global 5000 · Bombardier Global 6000 · Bombardier Global 8000

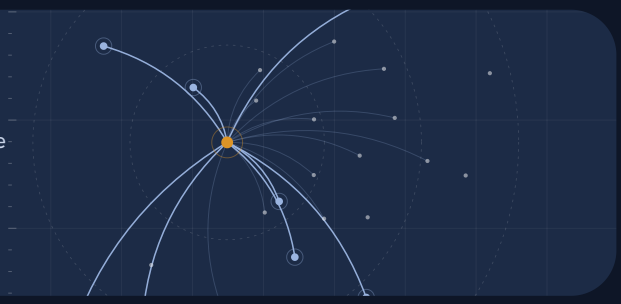

Corporate Class Airliner
Embraer ERJ-135 · Boeing Business Jet (BBJ) · Airbus ACJ319

Turboprop
Pilatus PC-12 · Piaggio Avanti P180

See how far *you can go.*

Pick an aircraft and a departure airport: the range explorer maps its true nonstop range, plus every city within reach.

Range explorer →

Beyond the flight

A dedicated service *for every need.*

01 Medical repatriation

A single call, not a dozen.

We coordinate directly with your travel insurer or assistance company, the treating physician and the receiving hospital: aircraft, medical crew, ground ambulances and customs clearance for medical equipment.

4–6 h
Response, most European routes

3 levels
Seated, stretcher or ICU

24/7
A team always reachable

02 Traveling with pets

Same cabin, same seat, the whole flight.

No cargo hold, no crate requirement: your dog or cat stays in the cabin with you, door to door. We confirm the entry rules for your destination when you book.

In the cabin
Never in the hold

Size
Set by the aircraft, not a policy

Paperwork
Checked at booking

03 Shared ownership

A share in an aircraft, not the whole thing.

You buy a share of a specific aircraft alongside other owners, giving you flight hours every year; crew, maintenance and hangarage are shared. We model this option against charter, based on how you really fly, with no obligation.

One share
Of a specific aircraft

Your hours
Allocated each year

Shared costs
Crew, maintenance, hangar

Takair is an independent charter broker, not a medical provider or veterinary authority. Fitness to fly is assessed by your assistance company; pet entry rules are set by each country.

Safety

Your safety, *our first requirement.*

Takair does not operate its own aircraft: we are an independent broker. For each flight we select an approved operator whose certifications, maintenance and crews meet the most demanding standards.

01

Certified operators

Valid Air Operator Certificate (AOC) and up-to-date independent safety audits.

02

Experienced crews

Type-rated pilots and cabin crew, regularly trained.

03

Rigorous maintenance

Manufacturer programmes and European authority standards, with documented tracking.

04

Risk management

An active Safety Management System (SMS) at every selected operator.

05

Permanent availability

Operational monitoring of each flight, from planning to landing.

06

Verified compliance

Insurance, authorisations and regulatory documents checked before every mission.

The references we require

ARGUS

Independent rating of operator safety (Gold, Gold Plus, Platinum).

Wyvern Wingman

One of the most demanding safety audits in the sector, focused on risk management.

IS-BAO

International Standard for Business Aircraft Operations (up to stage 3).

EASA

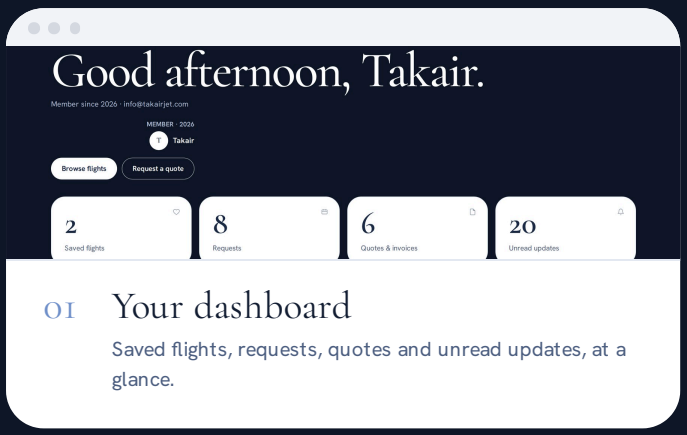

European Union Aviation Safety Agency.

Third-party bodies and standards, independent of Takair. Certifications vary by operator selected; supporting documents on request.

Your client account

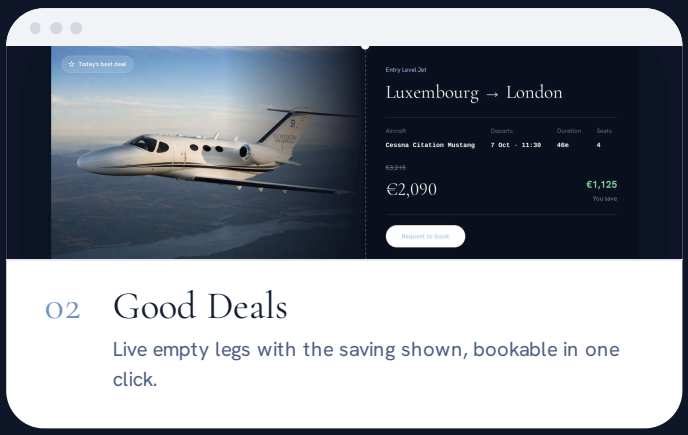

Your private jet, *in your pocket.*

Estimate, book, sign, follow: your whole journey is managed from one place, on desktop as on mobile.

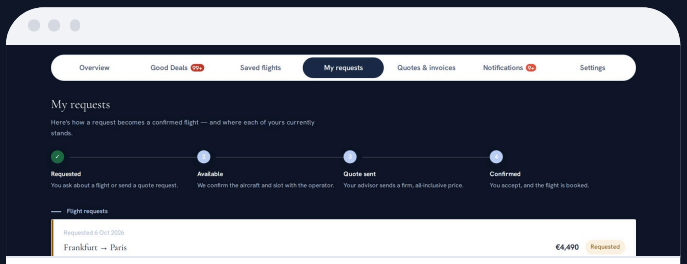

01 Your dashboard

Saved flights, requests, quotes and unread updates, at a glance.

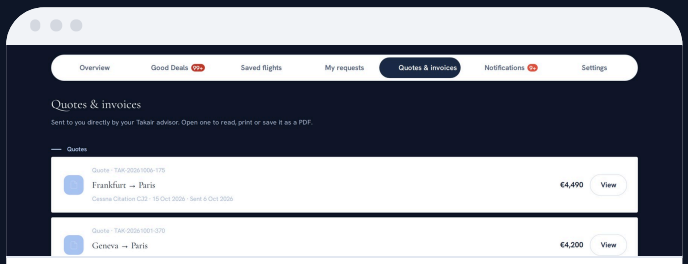

02 Good Deals

Live empty legs with the saving shown, bookable in one click.

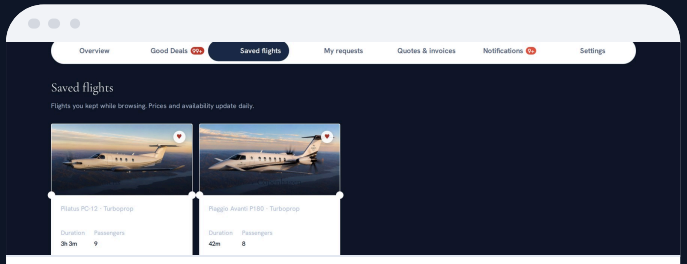

03 Request tracking

Requested, available, quote sent, confirmed: every step in view, with the price.

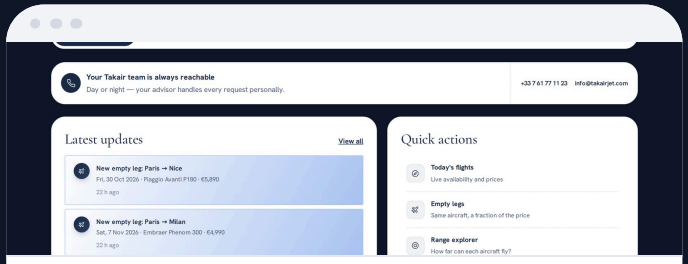

04 Quotes & invoices

Sent by your advisor: open, sign, print or save as PDF.

05 Saved flights

Flights you kept while browsing, with prices and availability updated daily.

06 Updates & alerts

Every new empty leg and every step of your requests, with your team reachable day and night.

Create your account in seconds.

The team

A lifelong fascination *with flight.*

Passionate about aviation since childhood.

That fascination became a career, and eventually Takair: an independent charter broker built on a simple idea, every flight deserves the same care. Today I work with a curated network of operators across Europe to match the right aircraft to every mission.

Zehnati Kenny
Founder & Broker · +33 7 61 77 11 23

Genuine care lives in the smallest details.

After several years as a flight attendant in private aviation across the United States, I joined the Takair adventure. I bring that same attention to every client, so you feel looked after long before you step on board.

Vlada Dolgova
Client Experience · +33 7 43 77 60 63

1 %

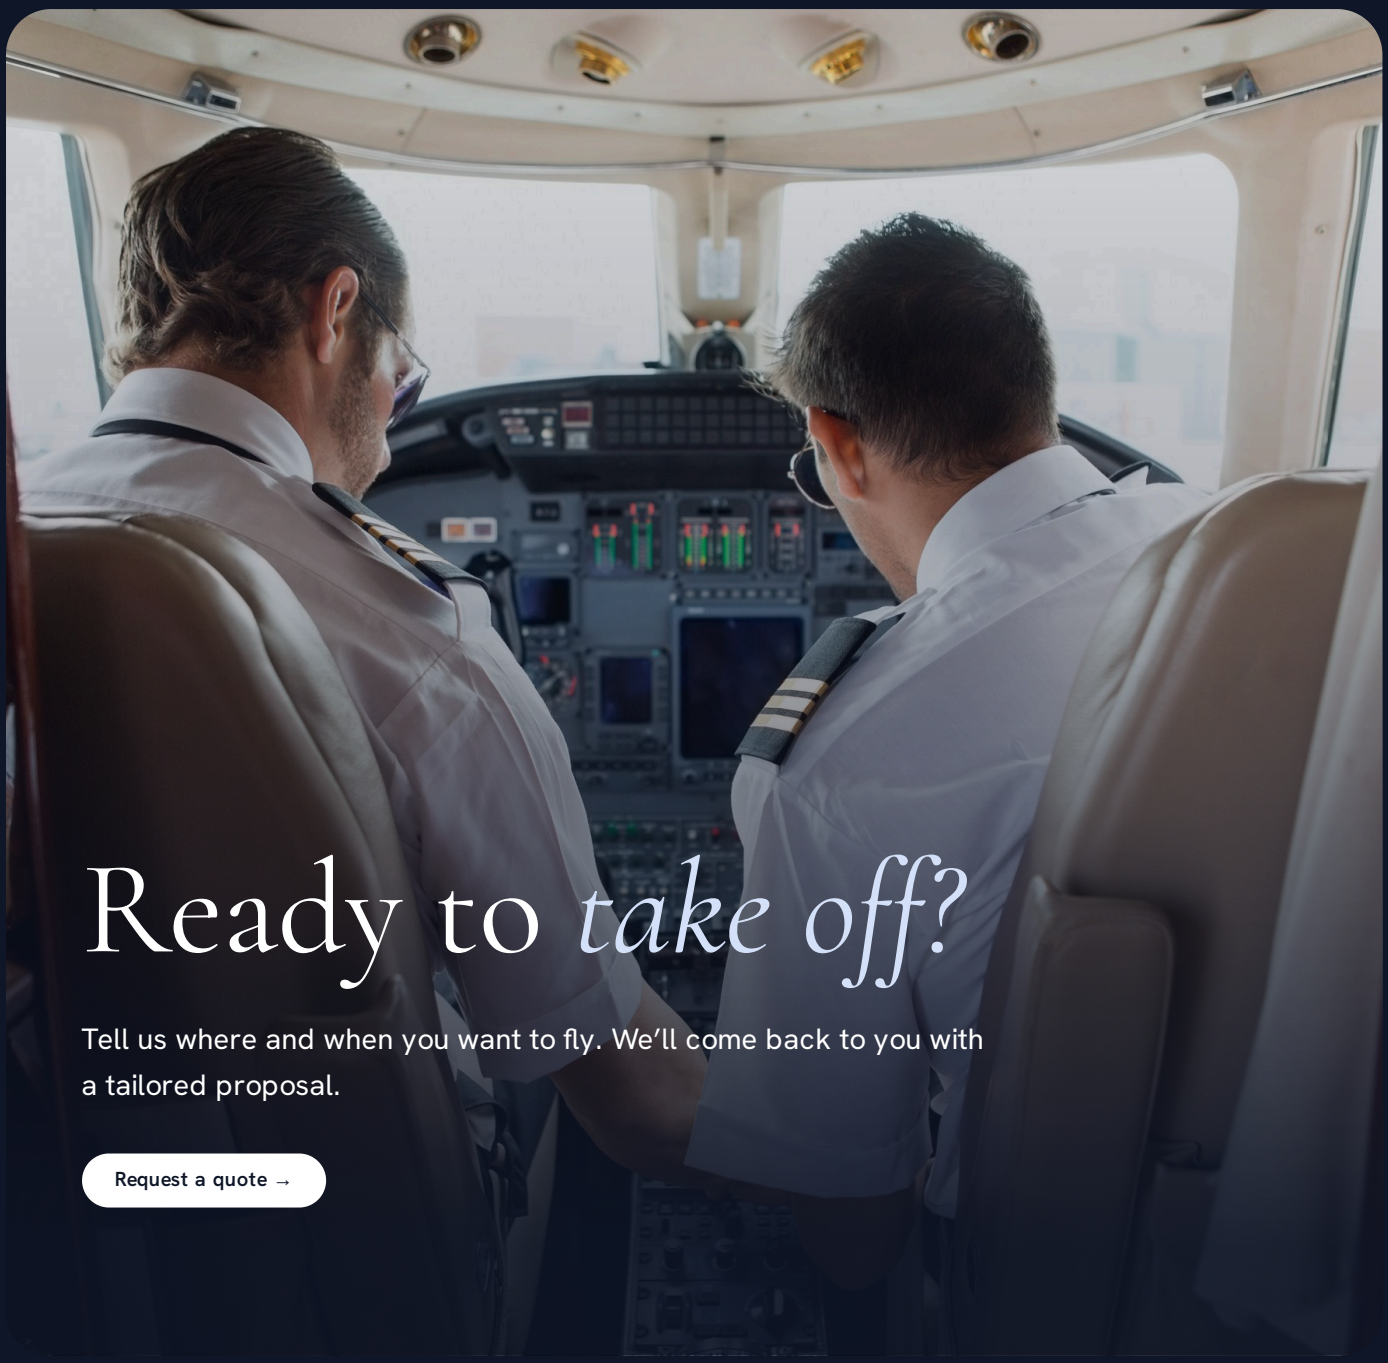

of every flight

Flying private is a privilege, and we take the responsibility seriously: 1% of the amount of every flight booked through Takair is donated to WWF, supporting ocean and forest conservation projects.
